

24 January 2014

To: Users of The Broker's Workstation and/or The Underwriter's Workstation

Dear Valued Client:

Re: CGI Website Changes

On Sunday, January 26, CGI will be releasing changes to its website for Autoplus and MVRs.

TBW's WebConnect feature will continue to connect the user to the CGI website in the usual manner.

TBW's next code release, which will occur shortly, will include adjustments to accommodate the changes to CGI's website. Until then, some manual entry (i.e. a standalone form) will be required on the CGI website before the requested report will be generated.

Please share this information with the appropriate TBW and TUW users in your office(s). Please contact our Client Services Team at clientservices@cssonline.com (email) or 1-888-291-3588 (toll-free telephone) for assistance or with any questions you may have.

Thank you for using The Broker's Workstation and The Underwriter's Workstation.

Yours sincerely,

Custom Software Solutions Inc.
