To: Users of The Broker's Workstation and/or The Underwriter's Workstation

Dear Valued Client:

Re: The Broker's Workstation and The Underwriter's Workstation – Important Releases and Changes

Custom Software Solutions Inc. (CSSI) is pleased to announce the release of the following enhancements and newest features to **The Broker's Workstation (TBW)** and **The Underwriter's Workstation (TUW)**:

Contents

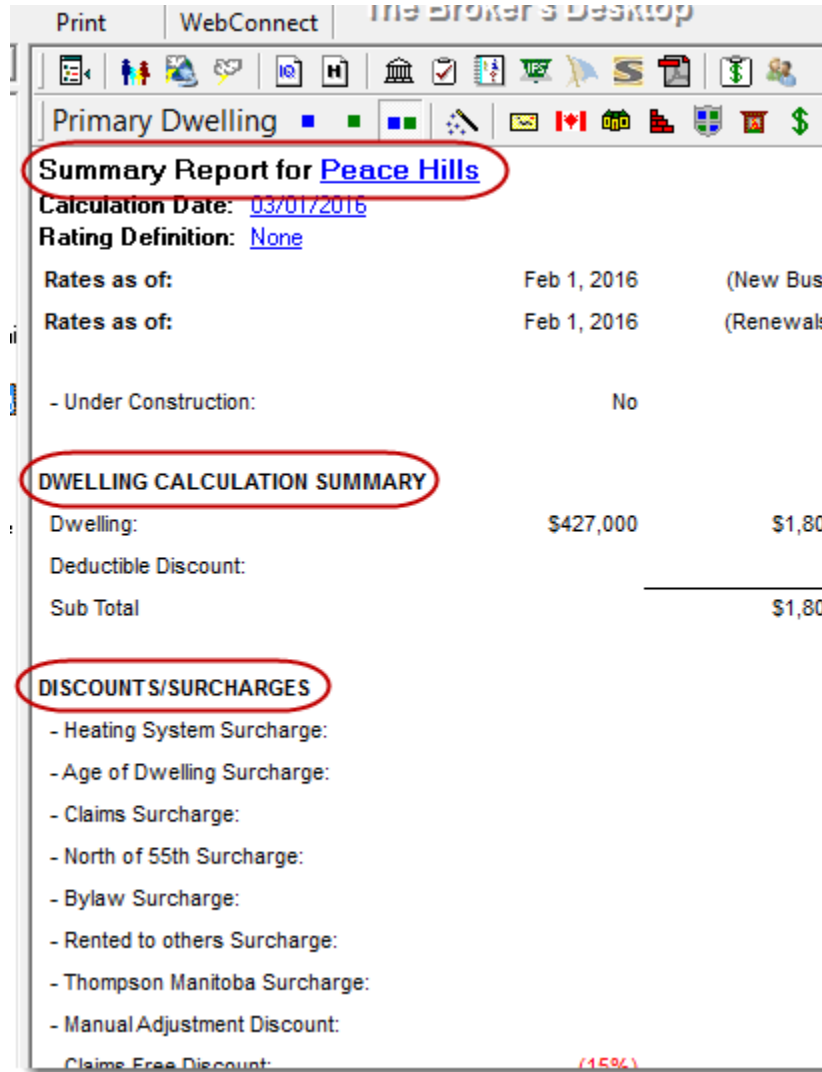

1. [Change to IQ Summary Report for Peace Hills \(MB\)](#) – The IQ Summary Report for Peace Hills will now display applicable discounts/surcharges applied for each coverage.

1. Change to IQ Summary Report for Peace Hills (MB)

Effective February 1, 2016 for new business and renewals, the IQ Summary Report for Peace Hills will now display applicable discounts/surcharges applied for each coverage. For example, rather than adding the premium for Buildings, Contents, and Outbuildings together and then applying discounts/surcharges, applicable discounts/surcharges will now be applied to each coverage. The purpose of this change is to match premium calculation to Peace Hills' back-end system.

When you are viewing the Summary Report for Peace Hills for a new or existing IntelliQuote, scroll through the report, noting that a **Discounts/Surcharges** section is provided for each coverage (see Figures 1.1, 1.2, and 1.3).
