Dear Valued Client:

Re: Important Releases and Changes for The Broker's Workstation and The Underwriter's Workstation

Custom Software Solutions Inc. (CSSI) and Intact Insurance are pleased to announce the release of the following enhancements and new features to **The Broker's Workstation (TBW)** and **The Underwriter's Workstation (TUW)**:

Contents

1. [Intact Online Quoting for Auto Policies \(ON\)](#) – Brokers who write business in Ontario with Intact Insurance can now access the Online Quoting feature directly from TBW and IntelliQuote for Private Passenger Vehicle policies, effective June 1, 2019 for new business and renewals.

1. Intact Online Quoting for Auto Policies (ON)

Brokers who write business in Ontario with Intact Insurance can now access the Online Quoting feature directly from TBW and IntelliQuote for Private Passenger Vehicle policies, effective June 1, 2019 for new business and renewals.

What this will mean for you, the broker, is that Intact rates for Private Passenger Vehicle policies will always be up-to-date and available to you Realtime, because the rates will come directly and immediately from Intact's system through a web call. This streamlined quoting process, with improved rating accuracy and rate updates in Realtime, will enhance the customer experience and enable you to do business more efficiently and responsively.

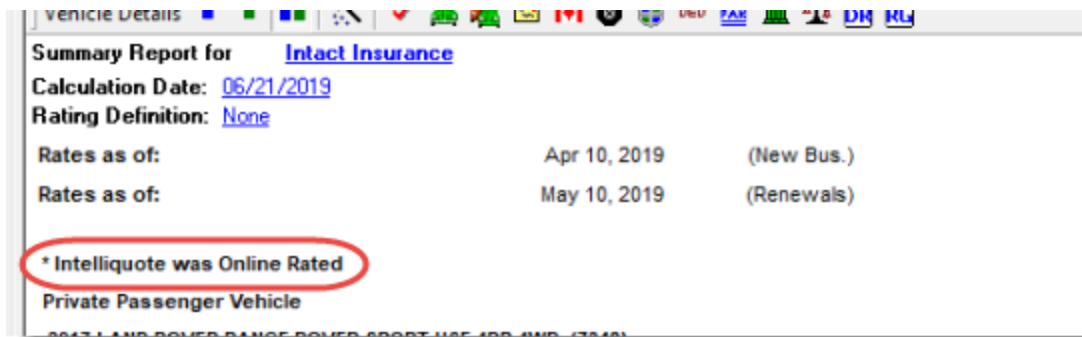

Once the simple, one-time setup ([see below](#)) has been completed, Intact's web service will automatically be called whenever you click the **Recalculate** button on the IQ toolbar (see Figure 1.1) in an Intact Auto IQ with a Calculation Date on or after June 1 for new business and renewals.

(Figure 1.1)

The results of the web service call will be displayed immediately on the **Summary Report** tab in the IntelliQuote. Note that use of online rating will also be indicated in the IQ (see Figure 1.2).

(Figure 1.2)

Any alerts that have been returned from the web service will instantly be displayed on the **Alerts** tab in the IntelliQuote, as well.

Here are a few points to keep in mind when you are using the Intact Online Quoting feature:

- **Online Quoting can be used for current (today's date) rating and forward rating, but it will not provide quotes on a backdated effective or calculation date.** As such, for Online Quoting, please ensure the effective date or calculation date is always set to the current or a future date, rather than a past date.
- The Intact Online Quoting feature is currently applicable only for Private Passenger Vehicle policies. Other policy types will continue to use TBW's local rating engine for quoting.
- The Online Quoting feature is available for new business and renewal quoting.
- When a pre-existing IQ is opened, it will continue to use TBW's local rating engine for quoting unless the Calculation Date is changed.

The following one-time setup for the Intact Online Quoting feature must be completed in TBW before the functionality can be used.
